

Available for 71mm,  
73mm or 76mm cups

#### Drink Choice

For the ultimate in cost effective refreshment, this compact yet highly functional machine offers a choice of either 5 (manual) or 4 automatic (coin controlled) in-cup drink selections.

#### Simple Operation

Drink selection is simplicity itself with the five selection manual cup separator option and even simpler with the push of a button on the automatic version.

#### Sugar & Water

Freely available on demand hot water (manual machine).  
Timed dispense with coin controlled option on automatic machine.  
Convenient side mounted storage system for sugar sachets.  
Coin controlled sugar dispense on automatic machine with option of refillable jar or pre-packed bottle. External sugar module maintains 4 automatic in-cup drink selections.

#### Coin Control

Available as a free vend machine or fitted with full electronic coin mechanism which accepts all coins & tokens.  
I-Key cashless payment system compatible.  
Simple mechanical coin mechanism option.

#### Other Features

Universal water tank can be hand filled or connected to a mains water supply.  
Incredibly user friendly, compact and feature packed.  
Machine specification can be custom matched precisely to client's requirements eliminating unnecessary expense for features which simply may not be required.
